

I am God's favorite.  
My husband is a gift from God.

I was completely forgiven at the cross.  
I am completely able to forgive my husband.

God pursues me and His love for me is sure.  
I pursue my husband and my love for him is sure.

The closer I get to God,  
The more I love Him.  
The closer I get to my husband, the more he loves me.

Love conquers all, and I love my husband.
