

Father I thank you for brining me into the **(mention family name)** Family. I thank you for giving me a second mother in **(mention mother in laws name)** and may I be a daughter who loves her and is better than having sevens sons.

I pray that for your anointing and grace in this new season of my life as I walk with you into the role of being a in-law and wife. Give me the grace to bring honor to her in all I do. As Ruth clung to Naomi I pray I would cling to her too and find favor in her sight because she has found me a home. May she have a full reward from you, Lord. Thank you for a Godly mother-in law who is full of your divine wisdom. All that she says, may I do.

I thank her for giving me, my husband and because he has taken notice of me, may he be blessed of the Lord. All that he ask of me I will do by your grace. As I am coming into this family house make me like Rachel and Leah who together built the house of Israel. Give me the grace to do well.

May this house be like the house of Perez whom Tamar bore to Judah through my children that you give me Lord. May her grandchildren be blessed and famous in the kingdom of God. May they be a comfort to her soul and support her in old age. May they bring her joy to redeem any bitter years of her life in Jesus name!
