

Father in the name of Jesus I pray that you would make our relationship within our marriage like that of a three strand chord with you in the center, that cannot be easily broken.

I pray that you would even make our thoughts the same. That when my spouse speaks and makes decisions they would be a representative of me and I representative of them as we represent Christ.

I pray the spirit of division would not get a foot hold with us , but that we would be perfectly joined having the same mind, heart and judgment by your grace.

Bind us together in love and perfect harmony. Tether our hearts to yours, then to each other by your grace in Jesus name amen!
