

Lord I pray for our children. I want to thank you for calling to be a (mother/father). Give us the grace to love all the children you send to us.

Bless our children that even in infancy Lord they would desire and know Holy Scripture. I pray from our children's lips would come forth praise. May there praises be a stronghold that will be established against our enemies.

Give us the grace to train our children in your ways. I thank you for giving us children who are obedient to you Lord and who will honor us. I thank you for beautiful and healthy children with beautiful hearts in Jesus name!
