

Heavenly Father, I pray my daughters would be virtuous women with character, a heart for the poor and needy and have a fear of the Lord.

I pray even from childhood they would have lens of compassion and mercy to see people how you see them. May they keep their hearts, minds and bodies pure for you until you lead them to their husbands.

May they have the special graces and be faithful like Mary, be intercessors like Esther, lead like Deborah, follow you like Mary Magdalene, be fruitful in their womb like Rebecca and submit in meekness to building your kingdom like Sarah and fulfill their purpose in their generation in Jesus name!
