

Lord I thank you that you have called my husband to this good work as the overseer of our household. Make him blameless before your sight. A husband who is faithful to me and has a love for me alone. Make him sober, self-controlled, respectable, hospitable to all men.

May he be able to teach not letting those look down upon him because of his youth, but make him an example in speech, conduct, faith and love. May he not be give into drunkenness, violence, or greed for money, but make him patient, meek, content without covetousness and one who will manage our affairs well.

Give him the grace to have our children under submission with all reverence. Make his character be of good reputation among unbelievers and believers alike to bring you glory in Jesus name amen!
