

Lord save us from compromise. We aren't strong enough to come against the standard of this world, to stand up for you. Many times were too little, we're too cowardly, we're just not strong enough, but you live in us Lord you can do all things through us.

You can make my spouse and I live strictly for you. We ask you Lord for this, accompanied with understanding and grace and we will change. That we would have the will to change.

That we may give you no more grief and your church can grow into the body and Holy sanctuary you ordained it to be for all ages against every influence of man with the triumph of the Holy Spirit Amen.
