

Father I pray you would give (**persons name or mention us**) the grace to keep our hearts pure. May it be full of kindness and brotherly love. Help us to love each other more than we love ourselves.

Teach us how to do that Lord, so we don't give the demons any entrance. Lord please keep our hearts full of love, patience, and long suffering. Loving one another with all sincerity from the heart. Give us the grace to be determined to work at this daily with all of our hearts.

Do not let us wander from your commandments. May our hearts not turn back and our steps deviate from your ways (Psalm 44:18) Give us great wisdom and determination to avoid sowing seeds of discord. May we in all sincerity yield to each other in submission, humility and kindness in Jesus name!
