

Hello brothers and sisters and YouTube family. Hope you guys are being blessed.

There is a book a brother in this community recommended to all of us called “ In Sinu Jesu -When Heart Speaks to Heart The journal of a priest at prayer “ It’s such a beautiful book with such intimate thoughts of Jesus and will make any one fall in love with Communion and the Holy Eucharist. Today I picked it up hurriedly to get a reading before I went out the door for prayer and the reading stopped me dead in my tracks because Jesus was talking to this priest to build his establishment and giving details how to do it. All I could think of was Lord are you speaking about the City of God Mission. For those who are new to the channel the Lord has me here in the prayer community to prepare me to establish his community in Ghana, West Africa. He told me to raise money for it and in a Month and half with his help he raised over 11K dollars for this mission. I thought I was leaving this summer however, he asked me to sacrifice one more year to prepare us before me and the team left. Since he had me lay it down, he hasn’t brought up any more details of this mission up until now as the reading said “

“There should be three houses for priest, in reference to the three tabernacles that Saint Peter wanted to build on Mount Tabor because it was good for them to be there. The land itself will provide exercise, refreshment and rest. Build the church according to what I will show you. It will be a temple of adoration to the glory of My eucharistic Face, a sanctuary of My heart, a dwelling place for the Holy Spirit under the gaze of My Father. Once the money comes you will find the land, and it will be possible to begin, for the time is short and My heart yearns for the completion of this temple of adoration and house of refreshment for the souls of My priest. Once you begin, complete what you have begun, for the time is short, and I will renew My priest, as I have promised, in the light of My Eucharistic Face, close to my Eucharistic Heart. They will come and My blessing shall be upon this work for it is Mine, and I conceived it for you and for all My priest in the depth of My Heart. ... Trust in My infinitely tender love for you and in the abiding friendship of My Heart, for you are Mine and I am yours, and I will not forsake you, nor will you be disappointed in your hopes. And then it ends with the prayer at the bottom for those who are involved with this work

I was a bit stunned because I wasn’t expecting that and more importantly, I was amazed that the Lord would have this community be more than just a place for the children, but for priest as well to honor his Eucharist Face! Wow, for those that don’t know what the Eucharist is, it is the consecrated wafer or bread once a priest prays over it. I have done many teachings on Holy Communion which I will provide in the description. So, it becomes the physical presence of Jesus and many times his face will show up in the consecrated host or different faces of the saints. It has happened so many times here in the community when we do the Lords supper, we call it a Eucharistic miracle when Jesus reveals himself to increase our faith in this way. When he gave me the vision of the place, I got a vision of the church as well, small, very simple but with murals of him with children and Blessed Mother inside. Then I envisioned a huge Monstrous in the front of the church where Jesus would be exposed. Like in most protestants churches you have the pulpit where the preachers stand, and the worship team is behind him as

he becomes the center. I wanted Jesus to be the center and all worship, teaching, preaching would be centered around him so many would come to have faith in his Eucharistic presence in the consecrated wafer and adore him!

So, after this reading I went to bible promises to discern if this message was about some details of the City of God: Sacred Heart Refuge Mission and I got "Holy Spirit" wow.

As I was walking up to the mountain to pray Jesus began to speak to me about it. Once I was able to get a chair before him

I said, Jesus this in sin Jesu book is wonderful. Were you talking to me about details concerning the City of God?

**Jesus began,**

*"Yes, beloved as the time is drawing near, I will continue to give you more insight as to the vision and description of this place. It will be a community where my presence will dwell among the people in My Eucharistic Face. The children will even know and have such a zeal and a love for adoration as you teach them these things. They will in turn teach others. These children will not be perfect, but like all children have to be taught and mature however, they will receive special graces from my Mother so their maturity will be more accelerated than most. You had wondered about the children being priest no beloved, they will be child adorers of my Eucharist face and heart. however, there will be many adolescences among them because of graces received I will raise up to be priest. Although young they will have a deep love and understanding of me and the Holy Eucharist. I gave you the thought of my Mother being taken to the temple at the age of three raised in holiness, virtue, and service to God.*

(Just an aside here Mary had Jesus at the young age of 14, so she became the priest at that age, carrying God incarnate within her)

**Jesus continued,**

*So, shall this place be for the children beloved. For the many young ones will come and it will be a place of preparation for them to be taught and raised in holiness, virtue and service to God. With their conscience being properly formed at such a tender age that they would be more readily acceptable to the graces that will flow upon them. Use the money to purchase land, then build a house for the children and three houses for priest. One for men, one for women, and one for priestly couples. Some you would have ordained others will just come. This indeed will be a place of spiritual exercise, refreshment and rest for them and many others. Priest who are not chosen because of their knowledge nor live by theology, but by love, for learning puffs up and charity edifies. A place where my priest will encounter in a deep way love of my Eucharist Face and come to truly love their vocation, love me and grow in zeal for charity. I have already given you a vision for the church St. Mary of Angels a sanctuary of My Heart, a dwelling place for the Holy Spirit under the gaze of my Mother. where I want 24-hour adoration. It's from that places that graces, anointing, and mercy will flow upon the*

*community into the nation and all over the world. The more you all spend time with me the more you become like me, Resembling your beloved spouse in your love, in your heart, in your actions.*

*It is from that place that your enemies will be thwarted, and many souls will be saved. As I, the King of Mercy make my appearance physically, spiritually and divinely under the guise of the consecrate host resting in my humble throne the monstrous, that I may be available to all who might come to worship me. With my Mother standing next to me I will do great things which you will not know of if you all would just come. With your worship, with your praise, in silence, even in doubt come and sit with me. There I will speaks to the hearts of many, transforming minds and changing lives for all those who would come to adore me. Many in my body have lost the love and reverence for Holy Communion and many more for adoration. I will use this community to be Temple of Adoration and house of refreshment for the souls of my priest. Build and establish this work of mine so that My designs may be carried out in security and peace, with no anxiety for the cares of this world for it is passing away, but the holiness of My priest will endure forever and they will shine like stars firmament of My kingdom. The time is short and although you are not in Ghana yet, I want you to begin praying into all of this now*

*Using the same prayer, I provided:*

*“Lord Jesus, I ask thee only this: that the souls of those who are in anyway connected with this work of thine, or who will collaborate in its realization, may be delivered from all evil, preserved in holiness and peace, enjoy abundant blessings and be drawn into the radiance of the Eucharistic. Face and the fire of love that blazes in Thy Heart. Mary Mother of Mercy pray for us, in Jesus name I pray. Amen”*

That was the end of Jesus message

I am so humbled when I think the Lord would choose me to do something like that, so inexperienced, unlearned and weak, but he will have to do it through me and with Blessed Mother at my side I know she won't let me fail. Another wonderful consolation I would like to share is that the Lord had put it on my heart to pray the rosary with my intercessors every time now at our meeting. So, we did this past Sunday and I saw a vision of Blessed Mother and the land. It was in a bit of a rural area not off the road, but you had to turn into it. There were many weeds and grass on the land as it has not been cultivated yet. I saw her in her mantle walking around the boarders of the property with instance in her hand concerted the land! I was amazed and so encouraged this is truly her mission and her ministry we just get to help her bring glory to Jesus. Truly God goes before us! God bless you guys until the next message.
