

Hello brothers and sisters and YouTube Family hope you guys are being blessed.

“Lets Build the City of God”

Lord you're so funny, I had a bit of restless night because it was the first night sleeping in the chapel by myself. I felt your sweet presence but was so restless didn't get that much sleep as I kept going in and out. So when I came before you today to began the Lord supper sleepiness hit me and I felt so tired. So I decided maybe I should lie in bed to do worship then found myself falling asleep. Thinking well I didn't get rest so many I can take a nap for a while before I go back into prayer, I was feeling funny like really anxious all over , kind of shaky so I thought that would be best and help me to rejuvenateHello Family,

This morning the Lord was playing all songs about “faith” living by faith and not by sight and you're great faithfulness. As I was just about to doze off then you played “ John Micheal Talbot song “city of God” and the lyrics wow if you weren't talking to me holy spirit lol. Said “to awake from my slumber, awake from my sleep” that it's time to build the city of God, a great light has come and will set the captives free. I was stunned but smiling as I knew you were talking to me saying “Lets get to work girl”

So I am here Lord I am here before forgive me for my tiredness, weariness and restless in worrying instead of trusting you help me Lord

Jesus began,

“My beloved I am here and have forgiven you little one indeed this is a time to work like never before with me right next to you as we are doing this, building this, together dear one. Its exciting and fun for me to work with you I truly love it“

I said,

Aww Jesus I really love it too please help me because I Have no idea where to began or how to start going about this

Jesus responded,

“There will be many opportunities the devils will take to make you weary and tired my little one to stop you from coming to me and working this out. Remember allow me to be your source of strength in the morning and even in the evenings my grace is always sufficient for you in your weariness and for the work you still have at the community and this work as well. They are both equally important. Focus beloved focus”

I responded,

Sorry Lord please help me

Jesus continued,

“This community will be a city on a hill, and a light to the nations beloved one. Many will come far and wide to eat of it's fruits which will be brotherly love, prayer, hope, and faith and healing. Many words of wisdom and knowledge will be given from the children. Keep the children at the

center do not push them back as many do. The children in this community will be the brightest lights emanating my love, my faith, and my power. It is the little ones that will lead the way that's why we have asked you to start with the children. Teach them all that I have commanded you beloved. In great compassion and patience for they will continue to carry this community once you are gone. There will be a place for those who have no homes. Take care of the poorest of the poor, the adolescents who have no stable family, the sick and dying as well however that will come a little later. There will be a creative center where those who come can grow in their gifts and publish my work to send out, reaching people groups who haven't ever heard the sweetness of my still small voice. A place of unity and peace among brethren despite denominations.

A people who are called by my name who just simply love me. A community for the simple hearted and those who want to grow in child like faith and love. This is what the community is about. Many will be set free of ailments and bondage's as you equip them in spiritual warfare and humility. Which is your greatest protection from the enemy. I have called you to be a treasure hunter, seeking out the souls who have been outcast, rejected by society and even the church. Who desire something so much more deeper than the mundane everyday to day life and Christian life as they see it. Something much richer, a rich life that consist of the fullness of my presence, the abundance of my grace and my never ending love with them and working through them.

My dear ones I petition to you now as you hear me, my beloved ones I have been tugging on your hearts for a while now. You have been looking for something deeper a life that truly imitates me when I walked the earth. I am calling you now to sell all your possessions give to the poor, leave everything and come follow me to Ghana. There is much life out there for you, you have had this nudge that I was preparing you for something more, wanting you to leave your comfort zone into a new territory well this is it my beloved one. The children I had you around was in preparation for the children you would take care of. The items I had you get rid of was in preparation of the life of simplicity I am calling you too.

There are some I am calling to come alongside and partner with us in prayer, You may not be able to be physical present with us but your prayers are powerful you will be our co-laborers because with out prayer this community won't go far. You are the spoke to our wheels dear one and I have been impressing that upon your heart to be an intercessor for this ministry. Our cheerleaders and front line workers partnering with heaven to cheer us on.

Then there are some I have given the grace to build you are hard workers, thinking outside the box and want to use this gift to build my kingdom but haven't been sure how. Here is an opportunity my beloved ones come help build with us as you take care of my business I assure you I will take care of yours and then there are those who I'm asking for your help to finance this community. Many don't know how dear Lazarus was to me, closer than a friend who was like a brother to me, a man of great humility and admiration for me that he financed the majority of my ministry not only for me but, the disciples. He was such a pillar in the community of the early Christians so I am asking you my little ones those who have had admiration for all that I have done and I am doing in this little soul to help finance this community. You all have been given different gifts but, when we work together that is how the kingdom of God is established. Many graces will be given to those who respond it wont be easy but so rewarding will come and help us build the city of God?"

That was the end of Jesus message.
