

Hello brothers and sisters and YouTube family. Hope you guys are being blessed.

I'm asking you guys to please back this ministry, channel and mission with your prayers. I just posted this video and Youtube disabled the comments to protect minors. I was sure not to put any tags about children or anything so they had no reason to disable the comments and I was unable to change it. The Lord told me that this work would come against every manner of opposition and so it has begun. I know it's a suffering, but I was frustrated to say the least and decided to take it down and repost it because this is such an important message and will be life and destiny changing for those who respond. The good thing is, if there is already opposition now then I know this video and work is anointed by the Lord and has his finger prints all over it. We must be doing something right. So thank you for your patience and your prayers I so appreciate it and continue to pray and cover our Heartdwellers Ghana team as well! Here again is the message Jesus gave me about the City of God: Sacred Heart Mission in Ghana, West Africa

I woke up this morning after having a few spiritual warfare dreams feeling very heavy. I knew something happened in the spirit because the attacks that happened in my dreams were so violent. I covered myself with the blood of Jesus,

but still felt so heavy and almost as if I was coming down with something. I came before the Lord during Holy Communion giving him my weakness, my fear that a curse had landed, and my weariness. When I lifted Jesus up in the consecrated host to receive him, I asked him for all his graces, virtue, healing and strength. I knew something was wrong, but I knew in that tiny little host that had now become his body in it was everything I needed to deliver and heal me. So, I asked and upon receiving him I felt a supernatural grace wash all over my body and my soul, I could feel it so keenly I knew I was healed and felt better already. I was so grateful for his mercy towards me and him touching me in such a special way.

After receiving him in Holy Communion I felt Jesus wanted to speak to me because during my prayer time for the past couple of days he kept playing songs about “being sent out to the nations” and he played the John Michael Talbot song “The City of God” twice in 3 days. So, I came before the Lord saying,

Good morning Lord thank you so much for strengthening me. I felt once I received you, I had newfound courage, faith and strength amidst this heaviness I was feeling when I woke up. After having such terrible dreams Lord thank you so much Jesus truly your grace is sufficient for me in my weakness!

Jesus responded,

“Yes beloved, you can always trust that, when you receive me every morning I do more than you can imagine or think of. I am literally transforming you into myself, piece by piece. Every time you receive me, you receive my entire being. Which is transfused into every part of you, therefore changing your DNA, changing your soul and changing your spirit more and more into my likeness. Until your completely taken over by me. Where you no longer live, but I live in you. That’s why Holy communion is so powerful and has been adulterated by men’s wisdom and the lies of Satan in my Church. Many are lagging, stumbling, and half dead in my church because of that very reason, the lack of my Eucharistic presence and that is what the City of God will restore my beloved little one. You have been sensing the urgency my little one because now is the time to prepare and share with others the mission yet again for you and those I have called.”

I said,

Lord there has been confusion as to the timing. I felt that you told me I would be leaving sooner than I think however, Father Ezekiel didn’t seem to think so

Jesus responded,

“That is true beloved, but I want you to adhere in obedience to those I have put above you considering the timing. I want you to leave it in my care and in there's as

well. I will make it known to them the time in which you are to leave, but for now I want you to begin preparing”

And as an aside here he is speaking of Mother Clare and Father Ezekiel who are my covering. I have to wait for the Lord to confirm to them the timing

I said, Lord I don't know where to start

Jesus responded,

Oh, you don't?

Okay, Well Jesus I know the website is one and I am not sure what else or where to start. I could please use your wisdom.

Jesus continued,

“And the wisdom you will have my little one. Began again asking for donations beloved and share the mission yet again. There are some who are new to our family which I led here for that very purpose. It has almost been a year now and there are precious souls listening in who will become your primary benefactors. I am using the small, the little and the poor to build this community no need of posturing before men or the rich. I will supply all that you need.

My dear beloved little brides I have prompted many of you to use your gifts to build my kingdom and I have led you

here too this channel to do exactly that. There are many of you I had called a year ago, but you didn't respond to my calling and in my great mercy I am here to call you again a second time. I would enjoin you to respond because a third call may not come. In this community is everything you have desired, prayed for and have inspired to become, but because of doubts, fears, insecurities and many external circumstances it hindered you from moving forward. It won't be easy, no fruitful work in my kingdom is however it will bare copious fruit in your life, for this is the reason many of you were created, this is your life's work. Will you trust me in the unknown and finally surrender to my leading and prompting? I have been tugging on your heart for a long while and I'm giving you the confirmation now that you have been asking for, to show you the direction I want you to take and this is it my beloved ones.

I hear you now still contending with me in your mind about all your responsibilities, even the children you have, has that ever stopped me? Didn't I tell Abraham to take all his possession and leave his Mother and Fathers house into a land that I had prepared for him? And for Jacob to go to the land of Bethel to settle their taking his family and children as I promised him " I am God Almighty, be fruitful and increase in number. A nation and a community of nations will come from you, and kings will come from your body"(Genesis 35:11). The same I will do for you for nothing is impossible with Me my beloved little ones. So, stop looking at the mountains and obstacles in your way and say "yes" and watch me do the rest.

You all have been feeding from this channel that has given you nourishment, encouragement, direction and wisdom. More importantly it has led you to the chambers of my heart. My beloved little ones you can listen to other teachers, but here you come, and you listen to me and are taught by God. My dear children I want you began sowing and giving to this ministry if you are being fed here. If you don't feel in your hearts, I have called you to this community then you can support by giving to it monthly. I am not asking for much, but just your 5 loves and your two fishes my little ones and I will multiply it. You will be just as much a part of this community as if you were there and will receive the same reward as this little one. It makes no difference to me, but I see you all a part of this work, those on the ground and the little ones hidden who are praying in the work. It will be your prayers, your donations, and your sacrifices in your sufferings that will keep this community going and running beautifully. Each of you are so unique, important and needed in this mission. Please don't put me off again, disregard my plea or this call. Don't be afraid, follow me and I will make you fishers of men."

That was the end of Jesus message

Wow, family It seems for the past few weeks the Lord has been speaking to my heart about the City of God: Sacred Heart Refuge mission in Ghana. For those who are new the channel the Lord sent me to Toas, New Mexico almost two years ago in preparation for this community

unbeknownst to me. Then through His Mother gave me several prophetic messages and visions concerning this community. I thought I was leaving last summer, but He then asked me to stay another year and now it seems is the time of preparation yet again.

Last year only three responded to the call and only one was called to come and stay here with me. A young lady by the name of Sister Ruth. She has been here in the community with me for about six months now. As we both have had dreams and feelings prompted by the Lord that we would be leaving soon.

The Lord has also had me working on our new website HeartdwellersGhana.org which will be launching soon and so excited to share that with you guys. I first thought I would have to pay someone to help me, but Holy Spirit told me to ask for his help instead and I'm blown away by what he has done through me. The site looks amazing and I will be posting exciting messages from Jesus and Blessed Mother Jesus concerning the mission and the vision of the City of God: Sacred Heart Refuge Community in Ghana.

In my pride I am not good at all about asking for donation, but you can see that Jesus is. He has been such a faithful friend, companion and spouse through all of this, and we do need your support to carry out this mission and community. Thank you for all those who donated last year and those who will decide to come along side us and

donate now.

Below in every video in our description I have provided a link to our pay pal for any donation amount you feel led to give. Remember Jesus asked for your five loaves and two fishes any amount you give will be so appreciated nothing is too small. Thank you guys and I pray that these next couple of videos that I will be posting this week will inspire you and reawaken you to respond to this call again and to help build the City of God.

God bless you until the next message
